EVENT SOLUTIONS CORPORATE CONFERENCES & MEETINGS

Our team at One World Rental are experts in providing robust event wifi solutions for a range of corporate conferences and business meetings.

At One World Rental we can setup event wifi for a range of industries including banking, corporate, high tech, marketing, finance and education.

We are unique.

Our services at One World Rental makes us different from all the rest.

We have a team of highly skilled event experts that are on-site throughout the entire duration of the event offering full technical support to event organisers and attendees.

We also offer 24/7 technical remote support.

We are experienced.

One World Rental have provided over 150 laptops with full wifi and on-site technical support for one event alone in the banking and finance industry hosting internal graduate training programmes.

In addition we have also supplied and setup over 300 iPad's for corporate conferences requiring integrated event registration apps and wifi in Singapore.

Our event wifi solutions enables our clients to create efficient processes during conferences and business meetings enabling:

- ✓ Integrated apps for presentations
- ✓ Collate and share voting results
- ✓ Event check-in for workshops
- ✓ Quick event registration systems
- ✓ Online social media sharing
