FESTIVAL WIFI

WIFI SOLUTIONS FOR FESTIVALS & OUTDOOR EVENTS

At One World Rental we provide secure and reliable festival wifi solutions for events held in global locations.

One World Rental have many years of expertise and only use the latest event technology to provide robust, high speed temporary festival wifi solutions in locations with limited or no outdoor festival wifi.

We innovate and execute.

We provide on-site support and deployment of event technology products where ever the festival is held. Our technical event staff are amongst the most skilled in the industry and will manage all the wired networks, bandwidth and temporary wifi connectivity, your festival is in reliable hands.

We provide EPOS solutions.

One World Rental provide and setup EPOS systems at festivals for food trucks and vendors.

Festival hosts have benefited from quick and easy payments using our EPOS equipment and iPads.

Festival wifi and EPOS kits combined enables:

- ✓ Accurate sales transactions
- ✓ Contactless payments
- ✓ Bluetooth connectivity
- ✓ Compatibility with iOS or Android devices
- ✓ Next business day payments
- ✓ Data analysis and reporting
- ✓ Assessment of consumer trends
- ✓ Software integration
